

Government and Law and the Workplace -

The Role of Government and Law in the Workplace
LESSON 05: Taxation

Technical / Occupational Application

Instructions: Please provide 3-4 Technical / Occupational applications or scenarios that are related to your trade area and the social studies lesson. Key concept to be considered: How does this trade or occupational scenario apply to the social studies lesson- if you were not present in the classroom where the social studies lesson was being presented, how would the social studies teacher relate the lesson to your technical area? (describe)

Soc Studies Standard: Grade 12

5.1.12 A, B, C, H, I, J, L, M

5.2.12 C, D, E, F, G

5.3.12 A, B, G

Evaluate.

- How taxation affects the workplace and the worker.

Rationale:

Analyze the impact of Enlightenment ideas on taxation and the impact of government taxes and regulations on the work place and the student's career.

Essential Questions:

1. What is the purpose of taxes?
2. How do taxes affect the workplace and business?
3. How do taxes affect the worker?

Objectives: The student will understand and analyze the impact of government taxes and regulations on the work place and the student's career.
